

SNRS is so excited to announce the launch of our new member database, NetForum. This highly-integrated, multifaceted platform will serve many functions, from being able to manage and renew your membership, register for events, connect with other members, and so much more! We can't wait for you to explore this expansive new member benefit!

To get started, [click here](#) to be taken to the Member login page. Enter your email address as your User Name, then click on the [Forgot Password](#) link to receive an email with a link to change your password.

Upon successful log in, you will enter the new Members Only page. This area will have similar content to the previous Members Only page, but you will have many more options with the new system.

A few new areas to note:

1. **My Information:** In this area, you can update your contact information, add your social media information, and view your Social Community Groups. If you are the main contact for your organization, you will also have additional options to add/edit employees tied to your company, manage payments, and update your company's information.
2. **Member Forum/Community:** This brand new feature will connect you to other SNRS members and serves as a social outlet to address any questions, concerns, or general feedback. Join the SNRS Member Group today!
3. **Searchable Member Directory:** This feature allows you to search for a specific person or institution/organization with ease! Additional search fields also allow you to search by city and/or state, member type, or even type of organization.

There are so many new, great features to share with you! As we move forward, SNRS will send you periodic instructional blasts on how to use the

new system, highlights of new functions, and address any frequently asked questions that are received. But the best way to get familiar with the system is to just use it!

If you have questions, comments, or concerns about the system, please do not hesitate to contact SNRS headquarters at info@snrs.org or by calling 303-327-7548.

P.S. Watch for registration details for the 2018 SNRS Annual Conference SOON!

Sincerely,

Ann Mehan Crosse, CAE, CMP
SNRS Executive Director
