

Southern Nursing Research Society Call for Abstract Reviewers

Dear Linda,

We are soliciting member participation to serve as abstract reviewers for the SNRS 2019 Annual Conference in Orlando, FL. The 33rd Annual Conference will be held on February 27-March 2, 2019 at the Rosen Centre Hotel in Orlando, FL

We invite members who meet the following criteria to serve as an abstract reviewer:

- Research Doctorate
- Published Research
- Current SNRS Membership

Again this year, we are requesting that potential reviewers submit a NIH biosketch (examples and forms are available [here](#)) so that we may more closely align your expertise with the abstracts to be reviewed. **Please do not submit a CV.**

If you are interested in serving in this capacity, please [click here](#) to submit your information and biosketch by **July 9, 2018**. **If you were a reviewer last year there is no need to upload a new biosketch. Please reach out to [Jennifer Lanphere](#) to confirm you would like to review again this year.**

The first call for abstracts (Symposium, Podium and Poster) will be opening the last week of June and the review period will be July 30th-August 20th. The

second call for abstracts (Student/Latebreaker Poster and General Session) will be opening September 4th and the review period will be October 8th-29th.

Thank you for your contributions to SNRS. We do hope that you will consider serving as an abstract reviewer.

Sincerely,

Carolyn Miller Reilly, PhD, RN, FAHA
Vice-President, SNRS
