The Southern Nursing Research Society (SNRS) was founded in 1986 when sixty nurses met in Atlanta and debated the possibility of an organization for nursing researchers in the southern region. In 1987, SNRS was declared an independent organization. There are 14 states in the Society region: Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, North Carolina, South Carolina, Tennessee, Texas, Virginia, and West Virginia.

## The mission of the Society is Advancing Nursing Research through:

- Dissemination and utilization of research findings
- Career development of nurses and nursing students as researchers
- Enhancing communication among members
- Promotion of the image of nursing as a scientific discipline

4400 College Boulevard, Suite 220
